

HUNTINGTON BREAST CANCER ACTION COALITION

Huntington Breast Cancer Action Coalition (HBCAC) is a not-for-profit grassroots organization dedicated to the ultimate eradication of breast cancer through education and awareness. Our mission is to focus on prevention methods while actively helping those who are faced with a positive diagnosis.

What We Do

Since 1992, Huntington Breast Cancer Action Coalition has forged accessible pathways of involvement in the complex issue of breast health. Those pathways include:

> AWARENESS

HBCAC works to keep breast cancer awareness in the forefront of public concern on Long Island.

> EDUCATION

HBCAC informs the public on methods available for early detection/screening and general breast health. We have created a network for breast health consumers consisting of educational resources, trained volunteers and breast care experts. We work in partnership with local hospitals, medical offices, nutritional counselors and governmental agencies.

> ADVOCACY

At every level of government, from Huntington Town Hall to Washington D.C., we encourage research, funding and legislation that will focus on prevention and intervention; ultimately leading to the eradication of breast cancer.

> COMMUNITY INVOLVEMENT

HBCAC mobilizes volunteers and community minded people in a broad based "coalition of concern". Our community outreach includes speakers, lectures, panelists, seminars, publications, newsletters, resource guides, calendars and other informative references.

> SUPPORT

HBCAC provides ongoing support groups, educational programs and other resources and products for women and men diagnosed with breast cancer.

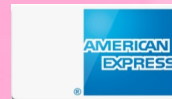

How to Register:

Please fill out the registration portion of the mailing, detach and mail with your check made payable to:

**HUNTINGTON BREAST

Our 2011 Honoree...

Tom Finnegan

A Certified Financial Planner and a managing director at American Portfolios Financial Services. He is a partner with his brother Daniel at Finnegan Planning, Inc and has worked in the Huntington community for over 25 years. Tom began his career while attending Cornell University graduate school and has built his business through referrals from satisfied clients. They have brought a family business experience to their clients while delivering excellent service and results.

Having lost their mother to breast cancer in 1987, Dan and Tom have been working with Huntington Breast Cancer Action Coalition to help provide awareness and prevention of breast cancer and cancers of all types. One of their favorite events is the annual Huntington Rotary and HBCAC luncheon which takes place every October. Tom is a past president of the Townwide Fund of Huntington and the Huntington Rotary Club, who both have ties to HBCAC. He also swims each summer for Swim Across America making waves to fight cancer.

Currently residing in New York City, Tom is single and enjoys playing hockey, snowboarding, golf, and competes in Olympic distance triathlons. He is also involved in many civic and charity organizations. He is often seen locally spending time with his family and friends on Long Island.
